Next Meeting:

The next meeting of the Spillway Radio Control Club will be Thursday, March 12th at 7:30 PM. at the St. Charles public library.

Minutes:

Loren Bailey called the meeting to order at 7:35pm. Loren read the treasure's report which stated that the club currently has \$4742 in the bank.

Old Business – We are still talking about having a fun fly on April 11, 2009. Final planning and decisions will have to be made in the next meeting. Al Boudreaux asked about whether or not this could be a family event or club only, more definite plans will be made in March.

The new pvc tubing and cable was installed last month and all the cables for the field are now in good shape.

There was still some discussion about treating the field with weed and feed. It was decided to apply weed and feed after the Mardi Gras holiday.

New Business – Lauren will have to resubmit the AMA chartering applications in March. In order to get a current roster for the application **all dues need to be paid by the March meeting.**

Al Smith is asking to take pictures of any new member that doesn't have their picture on file yet.

Bill Phelps presented Ronnie Landry with his solo certificate.

Congratulations to Ron Landry and Harry Norvell they were voted in at the last meeting.

Model of the Month: Bill Phelps showed his mini Wattage Fokker DR1 triplane "that sure is a nice little Fokker"

Dennis showed a scaled down version Sig Wonder that was built by Wayne Melancon for Bret Perilloux.

Lauren showed some areal videos taken by his flycam one , model mounted video camera.

Special thanks to John Violette for donating the door prizes.
