e-mail emile.jacobs@mvn02.usacs.army.mil

Next Meeting:

The next meeting of the Spillway Radio Control Club will be Thursday, February 14th at 7:30 PM at the United Steelworkers Local 750 Union Hall in Norco, LA at 601 Good Hope Street.

Minutes:

Bret called the meeting to order at 7:40 PM. Loren delivered the Treasurer's Report.

Old Business – There wasn't much discussed at the December meeting because the meeting was held at the St. Rose Travel Center Palmettos Restaurant. Cary was accepted as the club president and Bret was named Vice President. The secretary position is still open.

New Business – We still have several cases of club fuel available for purchase for \$13/gallon. Contact Loren, Cary or Al if you need fuel.

Al Smith is trying to put together a frequency chart for the club. If you haven't done so already, please contact him and give him your radio frequency information.

Members are still reporting that there are people still not using the frequency pins at the field. If this continues, the club may consider taking some action. If you see someone not using the pins, let that person know before any more planes are lost.

Skip reports that we are still waiting to hear from the Corps regarding the status of the field shelters.

The club passed a motion to purchase weed and feed as well as mole cricket poison and grass seed for the field. Bret will call Wayne to make arrangements.

The last date for dues to be paid for the 2008 year will be at the March meeting. After that, you will have to pay the \$10 registration fee and get re-voted back into the club.

For **Model of the Month**, Kenny Keating brought his 95" wingspan Senior Telemaster powered by an O.S. .91 2 stroke. Also, attached to the bottom of the fuselage is a working sky diver. This sky diver is independently controlled by its own battery, receiver and 2 quarter-scale servos. It also has a 49" parachute.

Also as a reminder – Make sure that you get your AMA renewed for the year.

504.885.0804

5010 Veterans Boulevard
Metairie, LA 70006

The SRCC would like to thank Hobby Hut for helping to provide our door prizes for each meeting.

The SRCC thanks the United Steelworkers Local 750 for allowing us the use of their hall for meetings.

Members please be courteous and pick up trash and straighten chairs after each meeting.
