**Old Business** – The new forum feature on the website has been working out well. We've had several members sign up, however not much participation yet.

Allen Smith has been working hard on gathering club members' pictures so he can put together membership cards. He is trying to get the cards for every member so we can show proof of membership while we are at the field, and they are also very useful as frequency pins.

Loren attended Bill Smith's funeral and he spoke about the services. He mentioned that he was properly laid to rest with friends and family present and an honor guard of 9 fully uniformed Civil War re-enactors. He was buried along with some Civil War and model airplane memorabilia.

**New Business** – We set a preliminary date of October 14 for the 2006 club fun fly. We all agreed that we should wait until it gets cooler and hurricane season is almost finished.

Mark will adding some new features to the website to allow club members to access the roster list from the website. Our information, such as address, phone, email, will not be available to everyone on the web. We'll most likely force the club members to log in to access this information.

At this month's meeting the club voted in new member Jim Schiff.

For **Tip of the Month**, Nathan tested some methods of painting monokote. He used Krylon and a coat of clear and it came out very nice. He'll let us know if it works long-term.
