AMA Chapter #979

Founded 1972

at

Officers: President: Gus Praesel 331-9328
 Vice-president: Jon Stephenson 651- 2930
 Treasurer: Loren Bailey 738-1602
 Secretary: Tina Praesel 331-9328

NEXT MEETING:

The next meeting of the Spillway Radio Control Club will be May 11, 2000 at 7:30 PM at the O.C.A.W. Union Hall in Norco. Hope to see you there.

Nineteen members and one visitor were present at the April meeting.

OLD BUSINESS:

Fred will be buying Bermuda grass seed for the field.

It was brought up that the grass should be cut when needed during winter so that the field will be in better shape when he starts cutting it in the spring. Jon can contact him in the winter months when the field needs cutting.

Gary Sharbonno will receive the fuel at his business location next to the Airport. The price is around \$11.00 a gallon. If it has gone more than a \$1.00 we will pay \$12.00 with the club picking up the difference. When paying for fuel checks are preferred and made to the exact change to "Spillway Radio Control Club". We will have to pick it up from his location. (We will provide a map with the next Hangar Rat.)

New Business:

Loren sent the club renewal in to AMA. He's received a list of members that haven't yet renewed with AMA membership. (You need to check and see if you are on this list sometimes AMA is slow. Bring your AMA card so you have proof.) Members who haven't renewed will be dropped from our membership today. We received our charter saying we have renewed and are insured for 2.5 million.

New member Roger Johnson was voted in so lets make him feel welcome at the field when we see him.

New prospectivie member Kenneth Panick saw us flying and wants to learn to fly. He has 2 planes. Let's get to know him.

Loren brought us new information on the National D-Day Museum opening June 6th on Magazine Street in the Warehouse District. Entrance to the museum will be through the new pavilion on Howard Avenue, whose name for one block will be changed to Higgins Place. It will showcase 2-World War II airplanes--- a British Spitfire and a American Avenger, a full-size replica of a Higgins landing craft plus many more war treasures.

Jon S will report on the Baton Rouge Fly In at the next meeting.

M.O.M.

John Violette: Winner (Dontated the money to the ROTC.)

StormEx --Pattern Plane

Digital serbos

Retracts
Rubber engine mount
YS 120 45stroke - fuel 20% witchesbrew all synthetic
lubercation.
