AMA Chapter #979

Founded 1972

at

Officers: President: Gus Praesel 331-9328
 Vice-president: David Breaux 726-0903
 Treasurer: Loren Bailey 738-1602
 Secretary: Tina Praesel 331-9328

NEXT MEETING:

The next meeting of the Spillway Radio Control Club will be November 11, 1999 at 7:30 PM at the O.C.A.W. Union Hall in Norco. Hope to see you there.

OLD BUSINESS:

Twenty-three members, and one prospective member attended and the October meeting.

The minutes and the treasury report were read and accepted by members present.

FUEL:

There is 19 gallons left in fuel. Lets remember if we need to get fuel before the Fun Fly to talk to Darrell.

Jon S gave us an update on our fun fly coming up.

We will need 3 people to run the event:

1 contest director---Jon S

2 safety people to rotate

(David B and Loren B have volunteered to help.)

Gregg Dornier will provide a grill and cook some hamburgers and hotdogs. It was decided to buy 5 cases of cold drinks to give away along with the food.

The competitions will be as follows:

Limbo

Spot landing

Obstacle course
 Precision flying

NEW BUSINESS:

We met prospective member, Fred Wolf who has flown with us before. For those of you who do not know Fred, He and his late father built their airplanes from scratch without plans to go by. We could all learn a lot from him, come meet him at the next meeting.

We voted Tim Daboub into the club so make him welcome when you meet him around the field.

M.O.M.

John Violette took MOM of the month.

He had 2 planes:

XLT airplane

60 YS 2 cycle engine

12 X 10 prop

10,100 RPM

9 lbs.

Cosmic Wind

Midget Racer

MDS .18 engine

8 X 4 prop

11,000 RPM

3 lbs.

John put the prize money back into the club. Thank you!

There were ten door prizes given away at the last meeting.

For those of you have email addresses and want to receive your Hangar Rat by email please let me know.

Nomitiations for club officers will be taken at the next meeting. There is a definate need for a Vice president.

We have had mole crickets so bad this year that we almost lost all the grass off the west end of the field. And as many of you know the field becomes soft and unflyable when the sand is all that is left.

A motion was made that we talk with the man who does our grass cutting to see what he would charge to spread bug control on the field every 2 months.

David B said he would be talking to him and ask for us.

For comments or suggestion please call:
