

Hangar Rat

Spillway Radio Control Club, Inc.

AMA Chapter 979

Founded 1972

Officers:

President:

Nathan Bivalacqua 985-764-8427 nathan.bivalacqua@cox.net

Vice-President:

Cary Armand 985-307-0508 cra545@cox.net

Treasurer:

Loren Bailey 504-738-1602 lorenbailey@chevrontexas.com

Secretary:

Mark Delcambre 985-307-0503 mdlcambre@cox.net

Skip has certificates for a free night of camping at any national park for anyone who participated in the cleanup effort.

Cary checked and says he still has some perimeter cable left and once we get some clamps, we'll fix the fence around the field.

Bill applied a few layers of mole cricket poison and hopefully that will be enough to stop any more damage to the field. We will also need to get some ant poison.

Spillway Park Ranger:

Skip Jacobs

Park Ranger Bonnet Carre Spillway

Next Meeting:

The next meeting of the Spillway Radio Control Club will be Thursday, November 8th at 7:30 PM at the United Steelworkers Local 750 Union Hall in Norco, LA at 601 Good Hope Street.

Minutes:

Cary called the meeting to order at 7:30 PM. No Treasurer's Report was given.

Old Business – The club fuel has come in. It is Mach 7 15% nitro fuel and Cary, Al and Loren each have a few cases. If you need fuel, contact them to make arrangements. The price is \$13/gallon or \$52/case.

Skip talked about the good turnout for the National Public Lands Day – the club had one of the best member turnout of all the clubs in the Spillway.

New Business – A motion was made to postpone the fun fly. There were several members who would not be able to make it that weekend. A preliminary date of Nov 10th was suggested and will be decided at the Nov 8th meeting.

We will open the floor for nominations for club officers at the Nov 8th meeting. The vote will be held at the Dec 13th meeting.

A safety issue has come up at the field that needs to be addressed. All members and guests must use frequency pins in order to continue to fly at the field. There will be **NO EXCEPTIONS**. This is one of the most basic rules of any radio control club and this is something that is not very difficult to do. Failure to follow this basic rule will result in a Safety Grievance as defined in ARTICLE 13 of the SRCC Constitution. We also need to discuss how to handle people who are using the spread spectrum radios.

For **Model of the Month**, Mike Schexnynder brought his ParkZone F-27C Stryker. A few members have this plane and they say this is a great flying airplane. It's fast and turns on a dime.

504.885.0804

5010 Veterans Boulevard
Metairie, LA 70006

The SRCC would like to thank Hobby Hut for helping to provide our door prizes for each meeting.

The SRCC thanks the United Steelworkers Local 750 for allowing us the use of their hall for meetings.

Members please be courteous and pick up trash and straighten chairs after each meeting.
