## Next Meeting:

The next meeting of the Spillway Radio Control Club will be Thursday, October 11th at 7:30 PM. at the United Steelworkers Local 750 Union Hall in Norco, LA at 601 Good Hope Street.

## Minutes:

Nathan called the meeting to order at 7:30 PM. Loren gave the Treasurer's Report shortly after. Nathan read the minutes from the previous meeting.

**Old Business** – The request proposal for the field shelter has been submitted to the Corps. It requires several divisions to approve the project and it has cleared the first hurdle. Once/if we receive it, we may need to get a work party together to assemble it.

Loren reports that he is about to order fuel, however, Morgan fuels no longer offers the Mach 7

fuel. He delayed ordering fuel and suggested that we purchase Morgan Cool Power 100% synthetic. No members objected to the fuel type and he will order it soon. Mike, Al, Cary and Loren each agreed to keep 4 cases once it comes in.

Al asks that any club member that hasn't had his picture taken, please contact him.

**New Business** – National Public Lands Day was held on September 29<sup>th</sup>. Skip reports that the club had a great turnout and the club really worked hard.

Skip also is working to get a trash can for the field and asks that members pick up any trash that they see at the field. And as always, please make sure you pick up all trash you bring to the field.

The field perimeter cable is broken on the west side of the field and needs to be repaired. Cary still has extra wire from the first time it was done. Al suggested that we buy more bright-colored noodles to put on the perimeter fence as a safety measure. The club agreed and Al or Cary will purchase more noodles the next time they see them.

The field is again infested with mole crickets. The club gave authorization to Al to purchase 6 more bags of poison. Al, Bill, Cary, Loren and Barry volunteered to help apply the poison before it gets any worse.

On a sadder note, club member Merlin Guidry passed away recently. The club will get a card.

**(UPDATE)** Loren would also like to let the members know that we will have the Mach 7 15% nitro fuel available at the October meeting for \$13/gallon or \$52/case. Cash or check only.

504.885.0804

5010 Veterans Boulevard  
Metairie, LA 70006

*The SRCC would like to thank Hobby Hut for helping to provide our door prizes for each meeting.*

**The SRCC thanks the United Steelworkers Local 750 for allowing us the use of their hall for meetings.**

Members please be courteous and pick up trash and straighten chairs after each meeting.
